Subject: RE: FL Assumption- Informational Webinar

I suggest we ask Jeaneanne if she would like to kick it off, then the presentations be split between the program (for 404 assumption overview) and ORC (for the NHPA part). I'd say we can cover everything for an informational presentation like this in an hour.

I have a couple of editorial suggestions below.

Subject: FL Assumption- Informational Webinar

Tom,

Here's the revised informational webinar email that should incorporate everyone's comments. Hopefully we can send this out today. I'm not sure what time we should propose on September 22nd or how much time to give for the presentation- both of those depend on who we plan to invite from EPA and the length of the presentation. I'm hoping you, Rosemary, or Kelly can fill that part in. Note that I have drafted the letter with the assumption that we will send a separate outlook invite with a link to Microsoft Teams.

I have a call until 4:15 but can talk after that if you have questions.

Thanks,

Matt
